Product Description:

Model:M3
Material: Nylon PA66
Flame class: 94V-2

The characteristics of:
PA66 plastic is one kind has the plasticity of translucent or opaque white or yellowish granular crystalline polymers, advantage:
1.Light weight, density (g/cm3): 1.10-1.14.
2. excellent mechanical properties. The mechanical strength of Nylon high, good toughness: Rockwell hardness: 118; impact strength (kJ/m2): 60-100 (MPa);60.0-80.0; tensile strength; bending strength (MPa):100-120; bending elastic modulus (MPa):2000 ~ 3000.
3 self lubrication, abrasion resistance. Nylon has good action self lubrication, the friction coefficient is small, and thus, as the transmission components of its long service life.
4.Excellent heat resistance: brittle temperature of -30 DEG C; the melting point of 252 DEG C; thermal decomposition temperature greater than 350 DEG C; continuous heat resistant 80-120 C.
5 excellent electrical insulation properties: volume resistivity (omega cm): 1.83 x 1015; dielectric constant =1.638 (Note: the air dielectric constant =1.000585, 20 degrees of water dielectric constant of =81.5).
6 excellent weather resistance.
7 equilibrium water absorption rate: 2.5% (Note: igneous rock water solid ratio is less than 1%, the water absorption rate of sedimentary rock compaction around 3%).
8.PA66 to acid, alkali, salt solution, the majority of Halon, hydrocarbons, esters, ketones and other corrosion.
In a word, using PA66 as the raw material for the production of fasteners, mechanical performance and security, no rust, beautiful light, suitable for the vast majority of the work environment.

We only accept PayPal payment.

Shipping:

- 1.Item will be shipped by airmail within 48 hours after full payment is received.
- 2.We only ship to the confirmed address provided by PayPal. Before you pay, please make sure your address in PayPal matches the address you would like us to ship to.Any non-received items caused by invalid address registered on PayPal are not in our full refund or replacement policy.
- 3.All items will be shipped within 48 business hours upon receipt of payment
- 4.A notification email of dispatch will be sent to buyer after item is posted. Please email us if you don't receive our email after 3 days of full payment sent.
- 5.Import duties, taxes, and charges are not included in the item price or shipping cost. These charges are the buyer's responsibility

Feedback:

we'll doing our best to ensure item quality and our service.
so if you have any problem,please do feel free to contact with us before leaving feedback.
we'll try our best to slove you problem,and improve our service.

Return Description:

In the unlikely event that a return is request, all returns must include all original items undamaged, in re-saleable condition, all original packaging including manuals, warranty forms, etc. Shipping and handling fees are not refundable. Buyer is responsible for shipping costs incurred shipping products back.

Buyers' Information:

We strive our best to provide you the most reliable, affordable way of shipping service. But sometimes international delivery is highly depended on the courier company and local customs/duties. If you do not receive your item on time, please contact us immediately for further assistance. Thank you for your understanding.

Payment Method:
